CAREER OBJECTIVE

Motivated and enthusiastic second-year Computer Science and Engineering student with a strong foundation in programming, web development, and MERN stack technologies. Eager to apply technical skills and gain hands-on industry experience through internships while contributing to innovative projects. Committed to continuous learning, problem-solving, and building efficient software solutions in a collaborative environment.

Education

B.E Computer Science And Engineering

- Annamalai university , Cuddalore | 2024 - 2028 | Current CGPA : 7.509

HSC

- St.Marys Hr. Sec. School,Thatchankuruchi with 78.5%

Technical Skills

Frontend Technologies	Backend Technologies	Database	Programming Languages
- HTML CSS JS - Bootstrap - React.js	- Node.js - Express.js - Rest API	- MongoDB - SQL	- Java - Python - C , C++

Experience

Full Stack Development Intern | Company : Artifai Tech | 30 June - 07 July

- Gained hands-on exposure to full stack development concepts
- Worked on basic frontend and backend functionalities
- Learned application structure, data flow, and integration concepts Demonstrated strong enthusiasm, dedication, and willingness to learn during the internship

Web Development Intern | Company : Elevate Labs | 04 Aug - 20 Sep

- Contributed to real-world web development projects as part of the internship program
- Developed and maintained responsive web pages using HTML, CSS, JavaScript, and React
- Assisted in implementing application features and fixing bugs
- Collaborated with the team to deliver tasks within deadlines
- Recognized as Best Performer for strong performance, dedication, and problem-solving skills

MERN Stack Development Intern| Company : Codec Technologies,Hybrid | 15 Dec - 15 Jan

- Working on MERN stack-based application development tasks
- Developing and integrating frontend components using React
- Assisting in backend development with Node.js, Express.js, and MongoDB
- Learning real-world project workflows and industry best practices
- Collaborating with assigned project heads to complete tasks on time

Project

HOSPITAL PATIENT RECORD MANAGEMENT SYSTEM

MERN Stack | React.js, Node.js, Express.js, MongoDB

- Developed a full-stack MERN application for managing hospital patient records
 - Implemented CRUD operations using Node.js, Express.js, and MongoDB.
 - Built a responsive user interface with React.js.
 - Added search and status-based filtering for quick record access.
-

Certificates

- **C++ Programming** – SoloLearn
 - **React Project Bootcamp** – SkillEcted by JSSAV Edu Pvt. Ltd.
 - **Frontend Development** – Simplilearn
 - **Full Stack Developer Course** – Simplilearn
 - **Generative AI** – Google Cloud
-

Languages

- Tamil
- English
